

## In Game Fowl Shot Promotion 2023-2024 Season

\*Subject to rules listed below

Chick-fil-A and the Utah Jazz have created a fun promotion for all Utah Jazz home games.

1. During the fourth quarter (or over-time) of all Utah Jazz home games, when the opposing teams' player misses two consecutive foul shots in a row, the free Chick-fil-A item promotion will activate on the Chick-fil-A One App to those in the geographical area in the state of Utah. Location services for the Chick-fil-A One App must be enabled in order to receive the reward.
2. The Utah Jazz will announce when the promotion is activated inside the Delta Center Arena, as well as notifying a Chick-fil-A representative. **Only this confirmation will activate the promotion.**
3. Two steps are necessary to receive your free item. Anyone in the state of Utah with the updated version of the Chick-fil-A One app must **claim** the reward by opening their app. Please allow 15-30 minutes from when the foul shots are missed for the reward to arrive to your Chick-fil-A One App. This offer is valid WHILE SUPPLIES LAST. There is not a guarantee that everyone in the state of Utah with the app will be able to claim the reward upon activation.
4. Once your reward is claimed, the free item must then be **redeemed** through the Chick-fil-A One App starting the business day following the game in which the activation occurred. The reward is eligible to be redeemed for 72 hours, at which point the reward expires. In the case that the 72 hour redemption period includes a Sunday, the reward will be valid for 96 hours. All Chick-fil-A restaurants are closed Sundays. Once expired the offer will no longer be available for redemption.  
**NO EXCEPTIONS**
5. The reward will not be valid on the day of the game! Item may not be redeemed at The Delta Center Chick-fil-A location.
6. **The Chick-fil-A One mobile app will be the only way to claim and redeem this offer.** Paper tickets, the Delta Center + Utah Jazz mobile app, or any other form of ticket or app will not be accepted.
7. Chick-fil-A of Utah reserves the right to change which menu item will be offered as a reward for activation.
8. Each guest with this reward will be allowed to redeem **one item, per visit, per app account, per person**. Guests must be present at the restaurant in order to receive the free offer. Multiple offers cannot be redeemed for a single guest. One offer per guest.
9. We ask that if you are redeeming multiple rewards within a group of guests with multiple app users, that you come into the restaurant to facilitate this. Due to the complexity of scanning these offers, restaurants reserve the right to restrict multiple redemptions at our drive-thru window.
10. If the reward does appear on your Chick-fil-A One app, please ensure your app is updated and location services are enabled. If this doesn't correct the problem, you may need to reboot your mobile device. It is also possible that the reward is no longer available due to claim due to supplies being exhausted.
